

Blind Ship It!

Midland has made it even easier to have your orders blind shipped. Simply specify a ship to address not associated with your account and our system will automatically take care of the rest.

- Shipments look like they came from you.
- Get product to your customer faster.
- Save money on freight charges.
- Instant access to Midland's huge inventory of fittings, valves, clamps and accessories.

Identification Tag

Identification tag for each product ordered is personalized. We can also reference your part number.
